INTRODUCTION

This Illustrated Parts Catalogue which is to be used in conjunction with the P.C.M.I. transparency has been devised to enable its users, irrespective of nationality, to identify the parts required with the minimum of effort. To do this the items are part numbered on the illustration, this gives a quicker look-up time and obviates the need for Parts Catalogue translation.

Various Symbols and Abbreviations are used in the presentation of the Catalogue and Distributors and Dealers are advised to familiarise themselves with these.

The official description of the part, where this information is needed, is shown in the Jaguar-Daimler Parts Master Price List.

The catalogue will not be subject to amendment but will be updated and re-issued approximately every twelve months.

INTRODUCTION

Ce catalogue illustré de pièces détachées, qui est destiné à être utilisé avec la diapositive P.C.M.I., a été conçu pour permettre à ses utilisateurs, quelle que soit leur nationalité, d'identifier les pièces désirées avec le minimum d'efforts. A cette fin, les numéros des pièces sont indiqués sur l'illustration. Ceci permet de passer moins de temps à rechercher les pièces, et supprime la nécessité d'avoir une traduction du catalogue des pièces détachées.

Différents symboles et abréviations sont utilisés dans la présentation du catalogue, et nous conseillons aux concessionnaires et agents de se familiariser avec eux.

La description officielle des pièces, lorsqu'elle est nécessaire, est donnée dans la liste principale de pièces détachées Jaguar-Daimler.

Aucun amendement ne sera apporté au catalogue, mais il sera remis à jour et republié tous les douze mois environ.

EINFUHRUNG

Die genaue Benennung eines Teiles, die gelegentlich angegeben werden muss, ist in den Jaguar/Daimler-Ersatzteil-Preislisten zu finden.

Dieser Katalog unterliegt dem Änderungsdienst nicht, sondern wird ungefähr alle 12 Monate auf den neuesten Stand gebracht und neu herausgegeben.
