

JAGUAR CLASSIC 20W-50 MOTOR OIL

FOR JAGUAR & DAIMLER MODELS OF THE 1950's, 60's & 70's

Without a doubt, oil is not what it was. Modern engines, designed over the last ten years demand sophisticated oils that are inappropriate for use with the classic car engines of the 1950's, 60's and 70's. On the other hand, some multigrades may not offer the specification and protection needed to ensure long life and reliability for your classic engine.

Jaguar Daimler Classic Parts have therefore introduced to the growing range of genuine parts a superb quality oil suitable for Classic Jaguars and Daimlers - Jaguar Classic 20W-50 Motor Oil. Together with our service kits you now have available everything you need to maintain your classic.

Fully recommended by Jaguar Cars, this classic motor oil is suitable for use in all V12 engined models. The best news is the remarkable value for money of Jaguar Classic 20W-50 Motor Oil, priced to offer you top quality at a very affordable price. Between us we'll keep the heart of your Classic beating strongly for many years to come.

JAGUAR CLASSIC 20W-50 Motor Oil part no. JHM1082
5.5 litre (1.1 imp. gallons):

JAGUAR

CLASSIC BODY CARE FROM THE JAGUAR DAIMLER HERITAGE TRUST

To help you care for your classic car, the Jaguar Daimler Heritage Trust have introduced a range of high quality body and upholstery car care products. Each item meets the high standards that you have come to expect from the world's leading luxury motor manufacturer. From now on, Sunday's will never be the same again.

WASH AND WAX part no. JHM1032
Ideal for use when time is of the essence. This easy to use wash and wax shampoo rapidly removes road dirt and leaves a protective wax coating in one easy action.

CLEAN RINSE SHAMPOO part no. JHM1041
A wax free shampoo, ideal for classic vehicles with a vinyl roof or soft top. Leaves glass streak free.

SHEEN ON SHINE CAR POLISH part no. JHM1031
This liquid polish is a delight to use. Simply rub on and leave a few moments to dry before wiping off to give a deep long lasting shine with the minimum of fuss.

VINYL CLEANER part no. JHM1030
For use on all plastics and mouldings.

RUBBER & VINYL WAX
(clear) part no. JHM1033 (black) part no. JHM1034
Protects and enhances coloured mouldings and bumpers. Use the black wax for black bumpers and mouldings, use the clear type for a variety of vinyl and rubber surfaces.

GLASS CLEANER part no. JHM1042
This carefully formulated glass cleaner is highly effective for removing road grime, tar and even insect squash. Easy to use, it leaves windows blemish free and crystal

clear.

LEATHER CLEANER part no. JHM1029
Safe for use on all leather surfaces, this liquid leather cleaner removes stains and grime, bringing life back into old leather while preparing the surfaces for revitalising leather oil.

LEATHER OIL part no. JHM1035
Leather oil is invaluable for feeding and protecting leather. The oil penetrates the hide to restore its natural softness and suppleness while helping to guard against cracking. Ideal for seats and all leather trim
